DESCRIPTION

Universal integrated balanced feed supplement to the basic feed in form of pressed blocks (briquette) for cows, bulls, heifers, sheep and goats.

PACKAGING

Individual sealed polymeric package, 4 pieces/carton, 5 kg

STORAGE CONDITIONS

Store in a cool, dry place at a temperature of 25°C or below, with humidity of 75%. Shelf life (provided the storage conditions are observed) is 9 months as from the date of production.

SIDE EFFECTS

This product is made of natural components. It does not contain antibiotics, palm oil, hormones and GMOs. No side effects, contraindications or complications in use of the product. Meat and milk of animals can be used without limitations.

Put a briquette (container) in convenient location, providing easy access for animals. Accurate dosing is not required. The average daily consumption depends on individual needs of the organism. Gradual, uniform and regular flow of mixed components in the animal organism allows the most complete nutrients absorption. Permanent access to water for animals is required.

FEATURES

- Restores the salt balance, and balance of carbohydrates, vitamins, macro- and microelements in animal organisms;
- Normalizes metabolism;
- Activates the intestinal microflora due to sugar content;
- Stimulates digestion and improves digestibility of feed;
- Enables proper development of bone and muscle tissue of young stock;
- Improves reproductive functions.
