GOLDEN FELUCEN FOR MEAT BREEDS CATTLE (CODE 3799) 25KG

GOLDEN FELUCEN FOR MEAT BREEDS CATTLE (CODE 3799) 25KG

Vendor code:
1000122

25 kg

POWDER

SUPPORT FOR

Beaf cattle

PRODUCT DETAILS

PRODUCT OVERVIEW

Series:	Protein
Preparative form:	powder
Composition:	Plant protein, easily fermentable carbohydrates (sugar), fodder urea, salt (sodium chloride) high purity.
Macronutrients:	Calcium, sulfur.
Trace elements:	Copper, zinc, manganese, cobalt, iodine, selenium
Vitamins:	A, D3, E.
Metabolizable energy:	3,2 MJ/kg

DESCRIPTION

Balanced protein feed complex for meat breeds cattle.

PACKAGING

Polyethylene bags, 25 kg

STORAGE CONDITIONS

Store in a cool, dry place at a temperature of 25°C or below, with humidity of 75%. Shelf life (provided the storage conditions are observed) is 6 months as from the date of production.

SIDE EFFECTS

This product is made of natural components. It does not contain antibiotics, palm oil, hormones and GMOs. No side effects, contraindications or complications in use of the product. Meat and milk of animals can be used without limitations

Gradually add to the diet of animals. Start from 1/7 of the daily intake and increase up to the full dose during the week. The daily intake should be divided into two parts and given in the morning and in the middle of the day. The mixture should be mixed evenly with the main feed.

Dosage: 4% in the mixture of feed or grain mixture.

FEATURES

- Balances the diet in sugar proteins and energy proteins, vitamins and minerals;
- Increases appetite, improves palatability, digestibility and assimilation of feed;
- Promotes the reproduction of rumen microorganisms and the microbial protein formation;
- Increases productivity of animals (milk and meat);
- Significantly improves the taste of meat;
- Increases milk productivity of milking cows;
- Increases average daily weight gain and allows getting marble beef;
- Improves the coats, hooves and horns;
- Provides the organism with metabolic energy for the vital needs;
- Strengthens health of animals and boosts the immunity;
- Allows efficient use of feed.

INSTRUCTION

SPECIAL INSTRUCTIONS AND DATA

Do not use for other animal species. Avoid adding salt, chalk, feed phosphates and other feed supplements while using this complex. Don't soak, steam or mix with feed ration. Don't give it to the hungry, exhausted cattle or dry cows and heifers, calves up to 6 months. Do not apply in the diet containing a sufficient amount of non-protein nitrogen

	INDICATOR	NORM	ACTUAL
1	Preparation form	Powder	Complied
2	Colour	Corresponds to the set of components	Complied
3	Specific Smell	without musty or other odors	Complied
4	Mass fraction of moisture, less than %	13.0	8.5
5	Particle Size: residue on the sieve with the hole diameter 2 mm, % less than	5	Complied
6	Metal magnetic impurities (particles larger than 2 mm with sharp edges)	Not allowed	Complied
7	General toxicity	Not allowed	Complied
8	Mass fraction of crude protein, g/kg	600.0±15%	676.66
9	Mass fraction of fast-digesting carbohydrates, g/kg	120.0±15%	126.7

	including sugar, g/kg	Not specified	18.1
10	Mass fraction of crude fiber, g/kg	31.0±5%	31.8
11	Mass fraction of carbamide, g/kg	230.0±10%	235
12	Mass fraction of salt, g/kg	75.0±10%	75
13	Mass fraction of calcium, g/kg	100.0±10%	100.2
14	Mass fraction of sulphur, g/kg	15.0±10%	15
15	Mass fraction of copper g/kg	250.0±15%	250
16	Mass fraction of zinc, g/kg	1000.0±15%	1000.3
17	Mass fraction of manganese, g/kg	1000.0±15%	1000.2
18	Mass fraction of cobalt, g/kg	4.0±15%	4
19	Mass fraction of iodine, g/kg	12.0±15%	12
20	Mass fraction of selenium, g/kg	2.5±15%	2.5
21	Mass fraction of vitamin A (Supra), thousand IU/kg	70.0±15%	72
22	Mass fraction of vitamin D3, one thousand IU/kg	6.0±15%	6
23	Mass fraction of vitamin E in g/kg	0.6±15%	0.6
24	Fodder units in 1 kg	Not specified	0.272
25	Metabolizable energy in 1 kg	Not specified	3.2
